Ballots mailed out **October 15**

1 (800) 448-4881 | sos.wa.gov

I am pleased to present the 2021 General Election Voters' Pamphlet. We offer this comprehensive guide as a reference to help you find information about the candidates and measures that appear on your ballot.

This general election you will have the opportunity to vote for local officials and measures that could have a significant impact on your community. Yet in order to make your voice heard, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by Oct. 25, and we encourage you to check your registration information today at **VoteWA.gov**. After Oct. 25, you must visit your local elections office or voting center during regular business hours and until 8 p.m. on Election Day to register to vote or update your registration and receive a ballot.

Once you have completed your ballot, be sure to sign the return envelope. This is important, as election officials verify your signature matches the one on your voter registration file before they can count your ballot. Then, send your ballot via U.S. mail — no postage needed. Remember, all ballots must be postmarked by Nov. 2 in order to be counted. The U.S. Postal Service recommends that you mail a week before Election Day. You can also return your ballot using an official ballot drop box anywhere in the state. Drop boxes are open until 8 p.m. the day of the election. Check **VoteWA.gov** to locate a ballot drop box.

By voting, you are ensuring your voice is heard. Make an impact in your community and our state by voting this fall.

Sincerely,

Kim Wyman
Secretary of State

Every January on Temperance and Good Citizenship Day, high school students 16 and older have the opportunity to complete a voter registration form in class.

How do I vote and return my ballot?

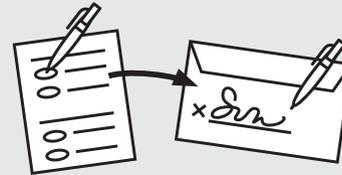

1

If you're registered to vote, there is no need to request a ballot. Your ballot will be mailed **October 15** to the address you provide in your voter registration. If you need a replacement ballot, contact a county elections office listed at the end of this pamphlet.

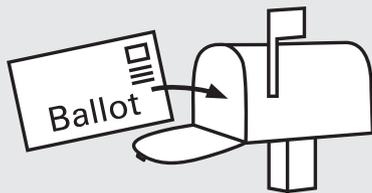

2

Vote your ballot and sign your return envelope. We need your signature to accept your ballot. You are not required to vote every race on your ballot. We encourage using this pamphlet to help you decide.

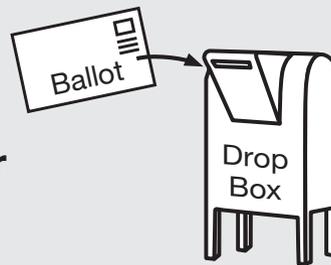

3

Return your ballot by mail, no stamp needed. If mailed, your ballot must be postmarked by **November 2**. Don't let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Or, return your ballot to an official ballot drop box. Drop boxes are open until 8 p.m. on **November 2**. Find drop box locations at **VoteWA.gov**.

Or

If you cannot personally return your ballot, let only people you trust deliver it for you.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

Other Professional Experience

I am currently the Executive Director of the Shore Aquatic Center, which recently completed a \$20 million expansion for our Community.

Community Service

I have served on the Boards of the Port Angeles Regional Chamber of Commerce, Clallam County Economic Development Council, North Olympic Legislative Alliance, Olympic Peninsula Young Life.

Statement

While serving as Port Commissioner, the Port of Port Angeles has had many accomplishments. The Port was instrumental in starting the first ever Composite Recycling Center (CRTC) to remove carbon fiber from the landfills. The Port also cleaned up the K-ply mill site using no taxpayer funds. We have also made great progress on the Western Harbor Cleanup project. Recently, we have found and secured the return of air service from our airport to SeaTac airport.

My priority for the next term is to continue our environmental stewardship by cleaning up the Western Harbor, ensure air service is started and sustainable, and grow local and new businesses that have living wage jobs to include the development of our Marine Trades area on the waterfront.

More recently, since 2017 I have been a Fellow with the National Rural Health Association (NRHA). Currently, I am holding two elected positions within the NRHA, the Rural Health Policy Congress and Government Affairs Committee, helping to write Federal policies impacting rural health. Statement

I come from the trenches, a self-help junkie with X-ray vision and ultrasonic super-tech powers. My rural roots originate from the coal mines of West Virginia to the suburban sprawl of the Willamette Valley, and back to where “the mountains meet the sea,” the beautiful Olympic Peninsula of Washington State, where I currently reside. My original intent was to help for a year in a modest isolated rural logging community, and that one year has turned into 16. Forks was put on the global map as “the Logging Capital of the World” in the 1970s. The community’s hospitality, grit, independent and “willing” attitude inspires me to be an advocate for rural health. I am constantly striving to enhance my skill set to lead the future of rural health in my community and set a high standard for healthcare. The Candidacy for the Clallam County Public Hospital District # 1 Board of Commissioner position is in alignment with my professional and personal goals. The elected position is an inclusive responsibility, which provides an environment with peers striving to create change, equity and social justice. I hope to achieve partnerships while passionately advancing the health care system to improve health outcomes.

Community Service

Board Member, Port Angeles Business Association; Former Vice Chair, Clallam Economic Development Council, Past President, Sequim Sunrise Rotary Club, Former Director, Boys and Girls Club of OlyPen; Former Chair, OlyPen Chapter Military Officers Association.

Statement

I'm an experienced, thoughtful, fair minded leader, with a long record of effective public service.

We must maintain local control over our main hospital, including all its associated services. Our communities depend on having high quality, affordable, patient-centered health care – essential for our way of life on the North Olympic Peninsula.

OMC's revenues come overwhelmingly from federal and state payments, with only a small portion coming from private health care insurance. Medicare Trustees report that the assets of the hospital payments trust fund will be depleted by 2026. That day may come sooner due to Covid-19.

Congress will face hard health care funding choices, and consequently, OMC will likely face daunting financial challenges. For OMC to continue, we will need strong leadership on the Hospital Commission to be ready for whatever the future brings.

OMC Commissioners face other major decisions – such as replacing the old hospital building without disrupting service.

As a senior USCG officer, federal Senior Executive, and locally elected official, I have long experience in solving problems, balancing budgets, and crafting actionable organizational strategies. I have the right experience and background for the OMC Commission. That's why voters should elect me as an OMC Commissioner.

Statement

My wife and I came to the Olympic Peninsula six years ago to build our forever home. We love this community and have both been involved with efforts to improve overall health.

As a commissioner I have been proud of being involved in a health care facility of this caliber. Olympic Medical Center has been recognized at both state and national levels for excellence in quality, patient safety and organizational leadership. Compared to other rural hospitals in the state, especially in these times, OMC stands out for its fiscal strength and viability. All of these accomplishments are the result of community supportM, outstanding staff, high performing teams and exceptional leadership throughout the organization.

This level of organizational performance does not come easy. What worked yesterday will not always work tomorrow. Challenges come from all directions, including shifting laws, societal expectations, health demands, economics, and politics. In addition to being a representative of the people, commissioners are part of the team that steers this health facility through the turbulent waters of our time.

I have the experience, skills and commitment to continue in a leadership role in this essential public organization. I request your support.

I had a great experience growing up in the city of Forks. I have made the choice to raise my kids here in Forks because I believe that this city is still the best place to raise a family. I want to work to keep Forks a place that is desirable to live. I believe this will be done through a continued positive relationship with local law enforcement and promoting programs targeting positive youth activities.

Statement

I have lived in Port Angeles most of my life. I am from here. My mom, grandmother, great grandmother, and ancestors have lived here since time immemorial. I seek your support to continue serving this great community. I have three fabulous kids and two grandsons.

As a council member I supported expanding key programs like Rediscovery, Paramedicine, reinstated code enforcement, maintained flat utility rates, balanced budget, provided \$790,000 in rental, mortgage and utility assistance to customers impacted financially by the pandemic. I supported efforts, saving the city millions by refinancing water and wastewater bonds, supported suspending interest and late fees on utility accounts, and waived parking and business improvement area fees. The next four years will require focus and stability to maintain a healthy City budget, support solutions to vexing issues and engaging leadership that strengthens our community partnerships, and work towards building new relationships. Areas of critical importance include affordable housing, homelessness, code updates, commercial district enhancement, build staffing capacity, building high-performing relationships, and working with partners to advocate for solutions that will help the childcare crisis, which was in crisis mode prior to the pandemic. The vision is to move towards solutions that work for our community.

Statement

Port Angeles has been my home since 1992, when I started 3rd grade at Jefferson Elementary. I grew up here, played in the parks here, I went to school here, met my wonderful wife here, and have chosen to raise my children here. The truth is that Port Angeles has changed, and not for the better. Crime, poverty, and drug use have grown out of control.

The tasks laid before the City Council and Staff are not easy, but they must be met with a balance of fiscal responsibility and compassion for every member of our city. It is going to take time to make the big changes that are required for our city to prosper, but that doesn't mean that we should ignore the problems in the present. We must come together and make common sense decisions that begin to address the issues at hand. We must insure that our community is safe, we need to work on our streets and infrastructure while remaining fiscally sound.

Let's move Port Angeles in the right direction so that our children can experience the safe and beautiful Port Angeles we all remember.

Statement

Port Angeles has been my lifelong home, and I intend to work tirelessly to make it the best it can be. My vision is to provide a safe and healthy environment for all, including a robust economy, good roads, affordable housing and utilities, and a thriving business community. I've been an elected representative on the City Council for four years, and we've made considerable progress on these and other issues. We've engaged the Chamber of Commerce in our Capital Facility Plan and contracted with them to develop a collaborative strategic plan for our downtown. We've passed citywide zoning reforms and tax incentives to encourage affordable housing development. We've partnered with local institutions like Peninsula Housing Authority and the Olympic Peninsula Community Clinic to move our unhoused population into secure permanent housing. We've reduced the burden on local law enforcement by pairing social workers with police officers, finding productive solutions to difficult situations on the street.

There is still considerable work to do; our City continues to face a variety of challenges. I am committed to facing these challenges and devoting the time and effort required to serve the citizens of Port Angeles, and I ask for your vote. Thank you.

Statement

People are frustrated with their Government. People are feeling forgotten. It is time to involve the public in their Government at a new level. I hope to invite open conversations with the Citizens of Port Angeles in a variety of settings, including a monthly meet and greet at a local coffee shop. I am passionate about addressing the day-to-day challenges that face Port Angeles small businesses struggling to make sense of the ever changing political landscape.

2020 was a confusing time in our County. Our awareness of the issues that divide us must be met with constructive and restorative energies. Small businesses have more similarities than differences, and there needs to be a constructive thread drawn around them to strengthen the fabric of our City.

As a former President of both a local Kiwanis Club and Lions Club, I have the experience in leadership, with community service as core.

I believe that leadership is found in service to others.

I hope you will come to my Coffee Corral, if not City Council meetings, and help me shape our Community one issue at a time.

Statement

I was born and raised in Port Angeles. I love this place that we all call home.

I'm honored to serve the people of Port Angeles on City Council, where my skills and experience support the the Council's core work: policy and planning to keep Port Angeles affordable for young people, working families, and elders, and improve everyone's quality of life.

Over the last four years on City Council, we've revived the code enforcement program that previous Councils cut; supported our Police and Fire Departments' proactive and cost saving intervention programs; removed regulatory barriers to affordable housing and childcare development; kept utility rates stable; and supported small businesses and distressed residents during the pandemic.

As a representative of the people of Port Angeles, I work toward creating a City that values government transparency, community dialogue, and collaboration; spends our tax dollars efficiently; fosters a local economy that works for everyone; and solves tough problems like substance abuse, affordable housing, and homelessness. This work requires all of us working together to make Port Angeles a safe place for everyone to live, work, and play.

I'd be honored to receive your vote to continue this work on your City Council. Thank you.

Statement

Serving on city council for these past four years has been a tremendous honor. We have accomplished a great deal as a city. There's much yet to be achieved. I look forward to continuing this work thanks to your vote.

Under my leadership as mayor, I have worked tirelessly with my fellow council members and city staff to set appropriate and meaningful agendas, lead discussions effectively and professionally, and ensure that everyone has a chance to be heard, even during the Covid-19 pandemic and all the challenges it presented.

Notably, at the end of 2020, city council and staff succeeded in creating a balanced budget, with no increase in utility rates, and provided over \$800,000 to residents and local businesses in mortgage, rent, and utility relief.

We listened to local developers and made changes to our city code to encourage market rate and affordable housing development. Thanks to strong community partnerships, we implemented and expanded the Rediscovery and Community Paramedicine programs, which are actively improving people's lives while saving taxpayer dollars.

I'm ready to continue the progress we have made toward a more vibrant community. Thank you in advance for your vote and continued support.

Statement

In the past eleven years that I have lived in Port Angeles, I have witnessed a decrease in police presence, deterioration of our park and recreation services, and an influx of individuals living on our streets.

Many of these individuals are openly drunk or using drugs. They throw their heroin syringes and garbage everywhere. They use our town as their public restroom. They graffiti our buildings and destroy business fronts. This affects our community standard and tourism.

Along with this we have also noticed the sudden appearance of old motorhomes, travel trailers, and automobiles. Many are randomly abandoned. Most are not currently licensed, and many are in disrepair but are parked on our streets for long periods of time. They are often outlets for drug dealing and harbor stolen goods from our community.

Our current City Council appears to use those individuals as political pawns assisting them to continue to desecrate our community. My intention is to restore our community to a healthier standard. I would like to represent the families and businesses who prefer a cleaner and safer Port Angeles.

I was in the Sequim City wide Christmas Choir in 2019, and I volunteer at Trinity United Methodist Church.

Local politics matter. We need a council made up of people dedicated to transparency, and accessibility. They need to represent all of the citizens of Sequim, and not just the people who voted for them.

I feel that my background will make me a good council member on the Sequim City Council.

Statement

As a Sequim resident for 21 years, I understand our community and its needs. I care deeply about the future of Sequim because my history here gives me a "citizen's" voice from the people, for the people. As a city councilwoman I voted to support small businesses and families by using rainy day funds during COVID, and 'no' to utility rate increases in 2021.

I advocate cutting red tape and reducing fees, helping Sequim become more business-friendly, reaching out to bring more small- to medium size businesses offering more employment opportunities for our citizens, while maintaining our "small town" atmosphere.

I understand and promote the need for enhanced medical care and a 24/7 emergency clinic.

I am married with two grown children and 3 grandchildren.

Our lives are greatly influenced by local government.

We need to pay attention to it and elect individuals who will truly represent us. I believe government should be transparent and accountable. In these challenging times, we need to spend less, not more, to keep more money in the pockets of the people. I promise to continue to do just that, and I ask for your vote.

Education

Bachelor of Science in Political Science, Northeast Missouri State University.

Community Service

Statement

I've served on the Sequim City Council for a year-plus, and it has been very productive in restoring city government to the people of Sequim. We have made progress in addressing affordable housing and public safety. We have changed the zoning downtown to encourage multi-unit housing development. We've also navigated much needed improvements to Fir Street and we even enacted water and sewer rate reductions for low-income people.

My hands-on experience in government management and processes have greatly benefited the council. Priorities for my next term include: a satellite 24/7 emergency room; encouraging cost effective housing by reducing building fees so it is more feasible for development to occur; reducing regulations and fees to encourage businesses to locate in Sequim; supporting Police, Fire and EMS due to increases in homelessness and the upcoming opening of the Medically Assisted Treatment clinic.

With your support, we can continue the progress we all have worked so hard for in Sequim. It is time for Sequim to have common sense leadership combined with a professional background. I have the experience and passion to see our town thrive.

Let's continue having Sequim be a great place to live.

Community Service

I currently serve on the Peninsula Behavioral Health Board, Sequim Schools Alumni Association Board and Sequim Equity and Inclusion/Community Conversation Committee.

Statement

I am a lifelong resident of Sequim, having worked and raised my children here. The role of the city government is to represent every city resident. I feel my perspective will add a voice not currently heard on our City Council. As a council member, I want to ensure that issues, goals, and priorities are thoughtfully understood, ensuring that decisions made consider both public interest and impact. It is also vital for the City Government to build ties to and connections with other organizations in Clallam County to serve the needs of our citizens. City Councilors need to act as innovators, role models, conduits for information exchange, and "positive disruptors." Problem solving happens when we listen to hear each other and come to reasonable solutions.

Sequim Citizens should have a choice for who represents them. My life and work experience here in Sequim, my connection to people in the community who might not feel represented will help me bring another perspective to the table. I want to serve my community, please vote for me for Sequim City Council Position #3.

Statement

I have lived in the Pacific Northwest for 25 years, 4 of them in Sequim. I was originally drawn to learn more about the Sequim city government during the controversy over the tribal Healing Clinic. I discovered that a city was happening here, and I wanted to help.

I believe it is important to help restore trust between Sequim's citizens and their elected officials. Lately the city has lost its exceptionally qualified city manager under circumstances that remain unexplained. As result, there has been a loss of trust between the public and our city council. Being open about my intentions, listening to you, the voter, and responding honestly will be a good beginning in restoring trust on our council. It is crucial that we maintain a firewall between politics and the day-to-day management of Sequim.

Good government is about helping people. It is urgent for Sequim to find effective solutions to the acute problem of available and affordable workforce housing. Increasing human services, especially to our homeless population, and providing broadband service to all our citizens are examples of how Sequim can help people. Assisting the viability of small businesses, increasing local prosperity helps everyone.

Statement

I am running for the Port Angeles School Board and humbly ask for your vote. This past year has been unbelievably difficult for everyone. Our school district has been a state leader in both getting children in school and keeping everyone safe. We have followed the law and remain ready to move forward as the science allows.

My tenure on the Board has seen a 20% increase in graduation rates, maintenance of all our Career and Tech programs, and passage of a Capital Levy which is the first step in our journey to updating all the schools in our district. Safety has been a main focus and with passage of the levy we have already installed safety vestibules in each of our elementary schools to limit outside accessibility.

We have increased available credits, allowing students more choice, and have approved cross-crediting courses to give wider opportunities to students pursuing varied paths to graduation. We have also started an online academy, Seaview, which is expanding course offerings to our children and to students state-wide. I am proud of the progress our district has made and hope to continue on the School Board. Thank you for your vote.

As a Mother and Grandmother, I'm committed to the health and future success of our youth. For over 25 years, I have worked as a school teacher, basketball and track coach. Empowering student's success is the driving force in my life. Running for School Board gives me the opportunity to bring my passion and years of experience to the next level, and collaborate to make positive changes that are visibly needed in our schools. There has been an alarming increase in the number of our students that experience depression, anxiety and hopelessness. I have seen it first hand in the classroom and in the community that I serve. This needs to change! My role as a school board member is to work to fulfill our obligation to ensure each child experiences a healthy learning environment, with a curriculum based in truth, and one that integrates peer supported teaching. We need to ensure each child has equal access to the school resources they need. I want to be a part of that! Let's surround our students in an environment that has their best interest at heart and, together, work toward launching them into their future of success!

Statement

Experience matters! I am a mother, grandmother, and a great grandmother. I find the need to step up and speak for the children of today and the future. I have had to sit back and watch our schools fail to teach our children the full history of America. Now we are told that American History must give way to Critical Race Theory, a largely untested proposition that assigns blame for many of society's ills to one race of people, as if the cure for racism was another type of racism. Too many parents have developed a fear of speaking up for their children. I will be your voice and advocate for the defense of history as history unflinchingly presented and unafraid. I will be there for students, parents and teachers.

Our schools must fully balance the "college bound" track with an equally weighted "career bound" or "trade bound" track. I will champion Career/Technical Education as a coequal objective, not a second, less desirable choice. We should be attracting children into this track on its clear and obvious merits, not sidetracking them into it as a placeholder until they graduate.

Statement

Serving on the CFSD Board of Directors has been rewarding. Education has been an important part of my life, My dad, as an Elementary teacher brought the classroom to the outdoors to incorporate learning from our local environment similar to Bill Riedel in Clallam Bay, who was also one of my favorite teachers.

My mom was one of five students to graduate from NBHS in 1960, and went on to attend UW. Through these early examples of success, our district has seen tremendous growth in graduation rates at both the high school and collegiate levels. It is my desire to provide guidance and support as a Board member to continue to increase the opportunities for our students.

While Neah Bay and Clallam Bay schools have differing needs it has been beneficial to collaborate in meaningful and necessary ways. We are not a one size fits all District and I aim to recognize and support the needs of each campus to create a safe place for learning.

I believe it is the CFSD responsibility to prepare students to be productive citizens and am honored to be part of the process. I look forward to your support as a school board member.

View your online Voter Guide

Fill out or print a replacement ballot

Find an official ballot drop box

Check the status of your ballot

Sign in to **VoteWA.gov** to access your customized voting information.

VoteWA is a collaboration between the Office of the Secretary of State and all 39 Washington counties to create an advanced, centralized system for both voter registration and election management.

How is my ballot counted?

1

Your county receives your ballot

Deposit your ballot in an official drop box by 8 p.m. on November 2, Election Day, or return your ballot by mail — postage paid — but make sure it's postmarked by Election Day! Don't let a late postmark disqualify your ballot. The USPS recommends that you mail a week before Election Day.

Election staff will contact you before your ballot is processed if:

- Your signature is missing
- Your signature doesn't match your voter registration record

2

Your signature is verified

We need your signature to accept your ballot. The signature on your return envelope is compared to the signature on your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure **only one** ballot is counted for you.

3

Envelopes and sleeves are separated

The return envelope is opened and the security envelope or sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4

Your ballot is reviewed and scanned

The security envelope or sleeve is opened and election staff review your ballot to verify that it can be successfully scanned. Each voting system is certified and tested before every election.

5

Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

1

Vote by mail

Washington votes by mail every election. We were the second state in the nation to adopt vote by mail and the first to provide all postage paid. A ballot is mailed at least 18 days before each election, ensuring you have time to cast an informed ballot without waiting in line.

2

Online voter registration

We offer online voter registration. Register to vote or update your address at **VoteWA.gov**

3

Top 2 Primary

Washington uses a Top 2 Primary system where the two candidates who receive the most votes in the August Primary Election advance to the November General Election, regardless of their party preference.

4

No party affiliation

Washington voters do not register by party affiliation. Vote for any candidate regardless of their party preference.

5

Voters' Pamphlet

Only a few states produce a Voters' Pamphlet like this one. The state pamphlet is mailed to every household before each General Election.

6

Same day registration

Citizens can register and vote a ballot until 8 p.m. on Election Day.
